❖ Report of Workshop on “Research Methodology”

Research and teaching are key pillars in higher education. Improvement in the quality of research can be done through capacity building of the researcher who is involved in the process of research. Research methodology courses for the researcher are meant to impart and train them with the necessary tools and networks resulting in better chances for producing substantial and excellent research outputs in their discipline and for the betterment of human society. Through this course, the Department of Education will improve the researchers, research, and data analysis skills with the help of statistical software for the research scholars. This program is designed to support the researchers in playing a more regular and effective role in policy-making. It also pays special attention to skills gaps in the process of data analysis and research and publication ethics.

Taking into consideration these views, The IQAC and Department of Chemistry of this college has jointly organized one day workshop on Research Methodology. This workshop was inaugurated by Prof. R. H. Balrawat, CDC, Member and Presided by the Principal of our college Dr. P. P. Sharma. Followed by Inaugural function Dr. K. S. Patil, Prof. and Head Department of English and IQAC Co-ordinator from Siddharth College of Arts, Commerce and Science, Jafrabad Dist. Jalna delivered his keynote address. He talked on various methodologies used in research.

After his key note address Dr. Mrs. S. M. Jadhav, Prof. Department of Chemistry, J.N.E.C. College, Aurangabad delivered a lecture on use of stastical software in research work. She covered various aspects of in data analysis. In plenary session- II Dr. Bhaskar Sathe, Associate Professor, Department of Chemistry, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad delivered a special talk on how to target on the quality of journals. He also talked about methodological and writing skills of M.Phil/Ph.D holder scholars.

In the concluding session of this workshop that is in valedictory function Dr. N. B. Aghav, Chairman BOS Political Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad was invited as Chief Guest while Dr. M. D. Shelar, Department of Chemistry, Rajashri Shahu College, Pathri, Phulambri, was invited as Guest of Honor. The Principal of our college Dr. P. P. Sharma has presided this function. He talked about the success of workshop. He emphasized on the objectives of this workshop. He appealed the scholars to develop their potential as future in the faculty of humanities and science and technology. 47 delegates from various colleges were participated in this workshop. IQAC Co-ordinator introduced about the workshop. Convener Dr. V. A. Shelke conducted the programme while Mr. P. A. Mule, the organizing Secretary proposed voted of thanks.

Invitation

Respected Sir/ Madam,
It gives us an immense pleasure to invite you for a Workshop on Research Methodology organized by Indraraj Arts, Commerce and Science College, on 03rd January 2019. You are cordially requested to attend the workshop which will provide us an opportunity to bring all the academicians, researcher, scholars and experts on one stage to share and discuss their valuable thoughts and ideas about research methodology.

About Ajanta Education & M.P. Institute

Ajantha Education and Military Preparatory Institute Aurangabad is established in 1996 by Hon. Shri Uttamsingh Pawar (Ex- Member of Parliament) to impart and spread education among rural and economically weaker section of the society, with the vision of inculcation of patriotism and good character among the youths.

About College

The college is located at Sillod Dist. Aurangabad, (MS) It is permanently affiliated to Dr. Babasaheb Ambedkar Marathwada University Aurangabad. It is also recognized under 2(f) & 12 (B) of UGC. It is established in 1998. Main objective of this college is to provide higher education facility to the students from rural, hilly and tribal areas and to build up their good character. At present college offers degree courses in faculty of Arts, Science and Computer Science. It has 16 Departments and above 700 students are pursuing their education.

About Workshop

Research and teaching are key pillars in higher education. Improvement in the quality of research can be done through capacity building of the researcher who is involved in the process of research. Research methodology courses for the researcher are meant to impart and train them with the necessary tools and networks resulting in better chances for producing substantial and excellent research outputs in their discipline and for the betterment of human society. Through this course, the Department of Education will improve the researchers, research, and data analysis skills with the help of statistical software for the research scholars. This program is designed to support the researchers in playing a more regular and effective role in policy-making. It also pays special attention to skills gaps in the process of data analysis and research and publication ethics.

Objectives of the Program

The objectives of the proposed Research Methodology Course are to provide training to the M Phil/Ph. D./PDF scholars and develop their skills of data analysis, data visualization, utilisation statistical software for their data analysis, and targeting the quality of journals for publication of the research scholars. This course aims to enhance the methodological and writing skills of the M Phil/Ph D/PDF scholars and develop their potential as future academicians/social science researchers.
